

## Course Syllabus

COURSE: VNSG 1323 Basic Nursing Skills  
 SEMESTER: Fall 2023  
 CLASS DAYS: Wednesday  
 CLASS TIMES: 8:00 am – 12:00 pm

Name	Phone Numbers	Email	Office	Office Hours
STACEY KOELDER, LVN	806.716.4408 (o)	<a href="mailto:skoelder@southplainscollege.edu">skoelder@southplainscollege.edu</a>	104 E	M 9-11am, 3-4pm T 9-11am, 3-4pm W 1-2pm Th. -By Appt. F- 8-9am

\*Please note office hours above. If you need to meet with me, you may stop by my office during office hours and if I am available at that time, I will be happy to meet with you. The best way to meet with me is to email me for an appointment that will be verified/accepted via email.

**\*\* Some Fridays will be scheduled for skills checkoffs. These are required as part of this course. Please see course schedule for details.**

***Please Note:* The COVID 19 crisis may change the lecture format / lab demonstration and this syllabus. Please refer to the 2023 Student Handbook for the complete COVID POLICY.**

**“South Plains College improves each student’s life.”**

### GENERAL COURSE INFORMATION

\*It is the responsibility of each student to be familiar with the content and requirements listed in the course syllabus.\*

### COURSE DESCRIPTION

This course is an introduction to and application of primary nursing skills. The focus will be a mastery of basic nursing skills and competencies for a variety of health care settings using the nursing process as the foundation for all nursing interventions.

### STUDENT LEARNING OUTCOMES

At the completion of the semester students will:
1. Be able describe the underlying principles of selected nursing skills and their relationship to client health status
2. Be able to demonstrate satisfactory performance of selected nursing skills utilizing principles of safety
3. Be able identify the nursing process used to solve basic client care problems across the life span using appropriate medical terminology
4. Demonstrate safe and competent basic nursing skills; describe how each step of the nursing process relates to nursing care; and discuss the implementation of basic nursing skills in a variety of health care settings.

**COURSE OBJECTIVES** - Outline form (C-1, C-2, C-3, C-4, C-9, C-10, C-11, C-12, C-13, C-14, C-15, C-16,

F-1, F-2, F-3, F-4, F-5, F-6, F-7, F-8, F-9, F-10, F-11, F-12, F-13, F-14, F-15, F-16, F-17

At the completion of this course the student will:
1. Relate current knowledge into advanced nursing studies
2. Use basic nursing skills and knowledge to meet individualized patient needs
3. Employ plans for intelligent safe nursing care of the patient within the Holistic Nursing concept
4. Identify the patient as a unique individual who needs assistance during illness regardless of age or degree of infirmity
5. Display good interpersonal relationships and communication skills between nurse and patient; nurse and co-workers, nurse and family nurse and interdisciplinary team in a timely manner, including technology to support decision making to improve patient care
6. Consider the common needs of the patient and the Vocational Nurse's responsibility for the patient's environment, safety and well-being based on the vocational program of study and evidence-based practice
7. Recognize the importance of observation and communication regarding patient and co-worker interactions and charting. Assemble information using the Nursing Process as a nursing assessment of each patient
8. Demonstrate principles of asepsis, communicable disease prevention and health care/community readiness for disrupting events
9. Demonstrate knowledge of basic interventions to support the patient and family during life stages, including death and dying and potential care needs of vulnerable patient
10. Demonstrate methods for promoting safety in the work environment, including facility policies and procedures
11. Utilize terminology and rationale for performing basic nursing skills
12. Identify appropriate equipment needed for each nursing skill performed
13. Identify, assess, and evaluate the patient's response to the procedure
14. Discuss the necessity for the patient/family education regarding the specific skill
15. Correctly use abbreviations, definitions, prefixes, suffixes, verbs, adjectives, and words in the nursing profession
16. Break down a list of medical words and identify the meaning of each word in the list through structural analysis

**EVALUATION METHODS**

Computer-based exams, written exams, written assignments, quizzes, skills check-offs, and other projects as assigned. In addition, methods of instruction may include but are not limited to lecture, discussion, required reading, charts/posters, Power Point, lab demonstration/return demos and audio/visual presentation.

**ACADEMIC INTEGRITY**

It is the aim of the faculty of SPC to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his own any work which he has not honestly performed is regarded by the faculty and administration as a most serious offense and renders the offender liable to serious consequences, possible suspension.

**Cheating** - Dishonesty of any kind on examinations or on written assignments, illegal possession of examinations, the use of unauthorized notes during an examination, obtaining information during an examination from the textbook or from the examination paper of another student, assisting others to cheat, alteration of grade records, illegal entry or unauthorized presence in the office are examples of cheating. Complete honesty is required of the student in the presentation of any and all phases of coursework. This applies to quizzes of whatever length, as well as final examinations, to daily reports and to term papers.

**Plagiarism - Plagiarism** - Offering the work of another as one's own, without proper acknowledgment, is plagiarism. Any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines, websites such as: blogs, journals, or articles, other referenced works, from themes, reports, and/or other writings of a fellow student, is guilty of plagiarism. If there is any suspicion of work completed by Artificial Intelligence (A.I.), the student and their work may be questioned, and if proven that A.I. was used will be considered guilty of plagiarism.

**Plagiarism Violations:**

A student found guilty of plagiarism may be dismissed from the program.

**VERIFICATION OF WORKPLACE COMPETENCIES**

There will be external clinical and simulation learning experiences provided in this course, as well as learning experiences in the lab which provides the setting in which the student applies workplace competencies. Successful completion of the designated course outcomes will allow the student to continue to advance within the program. Successful completion of VNSG 1323 meets the requirements as stated in the Differentiated Essential Competencies (DECS) of Graduates of Texas Nursing Program as:

1. Member of a Profession
2. Provider of Patient Centered Care
3. Patient Safety Advocate
4. Member of the Health Care Team

**BLACKBOARD**

**Blackboard is an e-Education platform designed to enable educational innovations everywhere by connecting people and technology. This educational tool will be used in this course throughout the semester.**

## **ADDITIONAL CLASSROOM ITEMS**

Students should come to class prepared with books/resources, pens, pencils, and a spiral notebook for taking notes or completed quizzes or assignments in class. Students should be prepared to take notes over lecture material if they choose. **Electronics including but not limited to laptops, ThinkPads, or Chrome books are not allowed to be used or on the desk during class time or skill time unless approved by the instructor and not at all during clinicals.** Follow student conduct guidelines for appropriate use of electronics in the classroom. Due to COVID we may have to meet virtually at some point. Please have a plan prepared as to how to meet via computer for this course. **You will need to have access to a computer and it will need to have a camera and a microphone.** When we meet virtually it will be Microsoft Teams, Blackboard Collaborate or Zoom. In the event that we must meet in the virtual setting please notify me if you do not have a computer to use.

## **EMERGENCY MESSAGES**

No one will be called from the classroom to receive a telephone call, except in an emergency. A message will be taken by the office and given to the student following class. If an emergency arises, the student will be given the message immediately. **Cellular phones, both calls and texts, as well as use of the phone for videos are not permitted during classes or in the clinical setting. If correspondence is expected, please notify instructor before the beginning of class or clinical day. Students will be given a verbal warning on first offense and thereafter will receive an absence for the class period or dismissed and receive an absence for the clinical day should cell phones be used without permission.**

Students may be reached by calling the nursing office at 806-716-4406.

**Phones should be turned to the OFF or SILENT position and left in a safe area. Missed calls may be returned during breaks. The use of electronic devices (cellphone/PC apps) are to be used for training purposes and may be used in classroom and clinical settings only with instructor approval. The student is to follow signed agreement guidelines as presented in the Vocational Nursing Contract in the student handbook.**

## **DROPPING A CLASS**

Students should submit a **[Student Initiated Drop Form](#)** online.

**Students will not be required to obtain an instructor signature to drop**, however, we do encourage students to communicate with instructors or advisors prior to dropping a course when they are able. **There will be no charge for drops for the fall or spring semesters.**

## **WITHDRAWING FROM ALL CLASSES**

If a student wishes to withdraw from all courses, they should initiate that process with the Advising Office. They can schedule an appointment with an advisor by visiting **<http://www.southplainscollege.edu/admission-aid/advising/spcadvisors.php>** or by calling 806-716-2366.

## **SCHEDULE CHANGE (after late registration and before census date)**

To make a schedule change after late registration August 28 – 31, 2023 and before the census date September 13, 2023, students should submit a **[Schedule Change Form](#)**.

After late registration, adding a class requires instructor approval. If a student is requesting to be added to one of your courses and you approve, please email **[registrar@southplainscollege.edu](mailto:registrar@southplainscollege.edu)** with your approval. This can take the place of signature on the Schedule Change Form that we have required in the past.

## ATTENDANCE POLICY (\*READ CAREFULLY)

### Class Attendance

Punctual and regular class/class session online attendance is required of all students attending South Plains College. There are no excused absences. Students are responsible for all class work covered during absences from class, even in cases in which they are able to satisfy the instructor that the absence was unavoidable. Whenever absences become excessive, as outlined in the nursing program policy handbook, and minimum course objectives cannot be met due to the absences, the student will be withdrawn from the course/program.

Students are expected to attend all classes in order to be successful in a course. **The student will be administratively withdrawn from the course when more than 2 absences occur.**

Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first-class meeting.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through Texan Connect. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate, and the student will owe any balance resulting from the adjustment.

**As a matter of courtesy and professional behavior, a student who is going to be absent should email or call the course instructor and inform the instructor of the pending absence.**

**LIVE classroom**: students must be in their seat ready for class at the scheduled time. Classes will be held on scheduled exam days with lectures to immediately follow the exam. Students who leave after the exam are counted as “absent.” Students who are late for the exam, will not be allowed to take the exam.

**ZOOM classes/meetings**: Zoom meetings are considered formal classes. Therefore, the student must be present in stationary environment—not working, driving, shopping or engaged in some other activity. There should be no TV, cell phones or other distractors during the meeting. **The student’s camera must be on for the entire time of the class/meeting.** The microphone should be muted unless the student is answering a question, presenting information, or otherwise engaged in the course discussion. **If the student does not follow zoom etiquette as outlined in the VN handbook, the student will be removed from the zoom meeting and given an absence. The student MUST BE ON TIME for the zoom meeting; once the course instructor has started the lecture/meeting, the late student WILL NOT be allowed in and will be counted as absent.**

Students must attend all live classroom presentations and all Zoom meetings. **A student who exceeds the allowable 2 absences will be withdrawn from the program except in the case of a Covid exposure** (see handbook for policy).

### COVID policy:

If you are experiencing any of the following symptoms, please do not attend class and either seek medical attention or get tested for COVID-19.

- Cough, shortness of breath, difficulty breathing
- Fever or chills

- Muscles or body aches
- Vomiting or diarrhea
- New loss of taste and smell

Please also notify DeEtte Edens, BSN, RN, Associate Director of Health & Wellness, at [dedens@southplainscollege.edu](mailto:dedens@southplainscollege.edu) or 806-716-2376.

1. SPC will follow the recommended 5-day isolation period for individuals that test positive.
  - a. **Please note that day 0 is the date of positive test. Day 1 begins the first full day after the date of positive result.**
2. COVID reporting
  - a. Please have students and employees notify DeEtte Edens if they have tested positive to verify dates before returning to class or work.
  - b. The home tests are sufficient but students need to submit a photo of the positive result. The date of test must be written on the test result and an ID included in the photo. If tested elsewhere (clinic, pharmacy, etc.), please submit a copy of the doctor's note or email notification. Results may be emailed to DeEtte Edens, BSN, RN at [dedens@southplainscollege.edu](mailto:dedens@southplainscollege.edu).
  - c. A student is clear to return to class without further assessment if they have completed:
    - The 5-day isolation period, symptoms have improved and they are afebrile for 24 hours without the use of fever-reducing medication.
3. Please instruct students and employees to communicate with DeEtte Edens prior to their return date if still symptomatic at the end of the 5-day isolation.
4. Exposed individuals will not be required to quarantine. If exposed, SPC does request individuals closely monitor themselves. If an individual does become symptomatic, please do not attend class or work and be tested.

**Please immediately notify your instructor and program director, and DeEtte Edens (Associate Director of Health and Wellness) any time you test positive for COVID-19.**

4.1-A. CLASSROOM ATTENDANCE: Learning is fostered in the classroom environment. Missing even one lecture/class activity can negatively impact student performance; therefore, classroom attendance is mandatory and students are accountable to attend and be on time for class. See student handbook.

**Allowable absences in this class will be two (2) absences. Students should take an absence when they are truly ill (running fever, nausea/vomiting not due to pregnancy, diarrhea, or some other communicable disease). A physician's release should be submitted when the student is treated by a physician.**

**Students who exceed the allowable absence no longer meet the course criteria and must withdraw.**

4.1-B TARDY: Tardiness is not accepted in the Vocational Nursing Program. Students are either present on time or they are absent. A student is not allowed to disrupt the class for tardiness. A student who is late may come into the classroom after a break to hear the lecture, BUT the student will still be marked as "absent."

## NURSING PROGRAM-TARDIES

- **Level I Clinical – 2 absence (16 hours)**  
Student will be counseled after the first absence  
Student will be dismissed from the course if second absence occurs.
- **Level II Clinical – 2 absences (16 hours)**  
Student will be counseled after the first absence  
Student will be dismissed from the course if third 3<sup>rd</sup> absence occurs.
- **Level III Clinical – 2 absences (16 hours)**  
Student will be counseled after the first absence  
Student will be dismissed from the course if third 3<sup>rd</sup> absence occurs

4.1-C. ATTENDANCE RECORDS: Because the student is an adult learner, each student should keep his/her own record of absence. Faculty is under NO obligation to inform a student of absences; the student will be notified when he/she no longer meets program objectives because of excessive absences and the student is being withdrawn. Should the student believe a discrepancy exists, the student should submit the notice in writing to the Program Director within 24 hours of notification.

4.1-D. RELIGIOUS HOLY DAYS ABSENCES: In accordance with Section 51.911, Texas Education Code, SPC will allow a student who is absent from class for the observance of a religious holy day to take an examination or complete an assignment scheduled for that day within seven calendar days after the absence.

Students are required to file a written notification of absence with each instructor within the first fifteen (15) days of the beginning of the semester in which the absence will occur. Forms for this purpose are available in the office of the Director of Special Services along with instructions and procedures. “Religious holy days” means a holy day observed by a religion whose place of worship is exempt from property taxation under Section 11.20, Tax Code.

## **ASSIGNMENT POLICY**

All assignments must be completed by the assigned due date. Late and/or incomplete work will **not** be accepted and a grade of zero will be recorded.

It is the responsibility of the student to come to class prepared to participate in discussion, to turn in any assignments due, and/or take the quiz or test scheduled for that day. Reading any assigned material assists the student to listen to the lecture with a higher degree of acuity and to participate in class discussion more effectively. A student cannot expect to understand what is being said in class when s/he has had no previous contact with the ideas or terms related to a given topic.

Assignments/Quizzes may be given as a “Ticket to Class” or to enhance learning of the course material. These activities will count toward 10% of the total course grade.

Students should retain a photocopy or computer-accessible file of all assignments turned in. Always have a backup copy.

Assignments are not accepted by email. You must submit via F.A. Davis, ATI or via Blackboard depending upon the assignment **and it is your responsibility** to make sure that you do not upload blank documents and that your document **can be opened on a PC, because not all Mac files are able to convert.** If you submit a blank document or a file that cannot be opened it could possibly not be accepted. Again, it is your responsibility to make sure it is compatible and not blank. The handbooks that accompany the textbooks offer the students different learning styles or ways of comprehending information. Students struggling to understand the text should refer to these additional books. Students may also access the published website for additional help.

### **MISSED EXAMS/MAKEUP WORK:**

1. **There will be NO make-up exams given for a missed unit exam. Since the final exam is comprehensive (meaning it covers the entire course), the final exam grade will be substituted for the first missed unit exam grade only. Should any additional unit exams be missed, a grade of “0” will be recorded.**
2. **NO exams will be given prior to the to the originally scheduled exam.**
3. **Missed Exams due to COVID: see VN Student Handbook**

**Any action interpreted as cheating by facilitating instructor may result in immediate removal from the testing area, a zero recorded for the test grade and possible removal from SPC nursing program.**

### **REMEDIATION**

Any exam grade below a 76 will require a meeting with the course instructor to be scheduled within 48 hours of being notified of your grade. The meeting should be scheduled prior to the next exam. Remediation for course exams may be recommended at the discretion of the instructor. No points will be added to the exam for remediation.

### **Skills Lab:**

When participating in a skill check off lab, you must adhere to the clinical dress code. **If you have long hair, it must be pulled back or put up in a ponytail, that does not hang over your shoulders.** Your fingernails must be cut short and without polish. You cannot wear jewelry, such as earrings, tongue bars, nose rings, brow rings, or necklaces. (You may wear a flat band wedding ring only and stud earrings).

### **Skills Lab:**

Classroom and laboratories are to be left clean and orderly. They are provided to enhance the student’s learning experience and are to be used to this advantage and not abused. Student is expected to wear a white lab jacket while in the laboratory.

**DO NOT** sit on the beds in the laboratory.

**DO NOT** regulate the thermostat controls in the classroom or laboratories.

**NO DRINKS OR FOOD** are allowed in the nursing laboratory or computer lab at any time.

**TESTING GUIDELINES:** (Computer Lab)

- Student will present Student ID and current government issued, picture ID to instructor and full signature with title will be documented on provided form.
- Student will expose forearms to instructor with sign-in.
- No personal electronic devices will be allowed at computer stations during testing.
- Scratch paper will be provided by instructor, and student will turn in these papers to instructor before leaving the computer lab.
- Two - #2 pencils are allowed by student

**REMEMBER: THE INDIVIDUAL STUDENT ACCEPTS THE RESPONSIBILITY FOR LEARNING AS THE FACULTY SERVES MAINLY AS A FACILITATOR IN THE LEARNING PROCESS.**

**Skills Lab (absence):** In the event an absence should occur during a skills check off lab, the student is required to make the lab up. The student must make an appointment with the instructor via email to make up the missed skills check off.

**Skills Check Offs:** Each skill must be accurate before the student can perform the skill in the clinical setting. Therefore, the student will be checked off on each skill. Some skills are checked off by students, others are checked off by an instructor. **The skills check off labs are assigned labs and will be on Thursday or Friday per Instructor.** These are required skills check-offs. Student must successfully pass each skill. All skills must be passed before a student can perform the skill in the clinical setting. Grades for skills check-offs (except for BSCCL check-off) will not be recorded as part of the grade average. Each skill must have been passed in order for the student to take the BSCCL (Basic Skills Critical Competency Lab) prior to course exit.

**Grading Skills Check Offs:** Grading Skills Check Offs: Each skill has its own procedural objective, with some steps on the procedure having an asterisk, meaning it is a required step. The first missed asterisk will have a value of -5; all other asterisk steps will have a value of -10. Three (3) non-asterisk items will count as one asterisk. There may be opportunities during class to practice, but most of the practice for the student will come during the required Friday lab hours or on your own time outside of class. If a student misses a check off day, they will need to email the skills instructor within 48 hours to reschedule a time.

**BSCCL:** This is a Basic Skills Clinical Competency Lab and is performed **BEFORE** the Final Exam. The student should be able to demonstrate all skills taught in this course. Each student will be required to perform Physical Assessment and 1 randomly chosen skill on the day of BSCCL. Student must score a grade of 85 or higher on each skill, or remediation will be required. The score or grade the student will receive will be calculated based on the number of asterisk items missed. The first missed asterisk will have a value of -5 points and each additional missed asterisk will have a value of -10 points. Three (3) non-asterisk items will count as one asterisk and be valued at -10 points.

For example:

First asterisk missed = 95

Second asterisk missed =85

Third asterisk missed =75

Fourth asterisk (or equivalent) missed = 65 and so on until skill is completed

The student will complete the skill for a grade that counts for a total of **20%** of the final course grade. Should the student have to remediate the skill, the **remediation will not alter the original grade**, however, the student will have to score at least an 85 on remediation to complete course objectives and advance to second semester. For remediation, the student must obtain a remediation form from the instructor and schedule an appointment ahead of time with an available instructor. All remediation for BSCCL skills must be complete by **the final course day**. All remediation must be complete by the final exam unless a different date is stated by instructor.

**You are allowed a maximum of 3 attempts to complete the remediation with a grade of 85 or higher.** If remediation is not complete with a score of 85 or higher, the student will not have met the course exit goals and will be given a course grade of “F”, regardless of other course grades, and withdrawn from the vocational nursing program.

### **Lab Practice**

At times, videos may be available for skill practice and review. Other times, only a demonstration will be given by the instructor. It is the responsibility of the student to set aside time to practice skills in the nursing lab, at the CCE or at home, outside of normal class time.

At times there will be instructor or instructors who can assist in lab during the students practice times. This is why it is important for the student to come to class prepared for the lecture and part of being prepared is to review the skills for that particular procedure discussed.

The nursing skills lab is open during the week from 8am- closing and you may come and practice your skills at your convenience. It is very important that you take advantage of lab days during the week.

**Basic Skills Objectives** - skills will be checked on the day assigned and given a grade by an instructor. It is 8 important for the student to follow the objectives that are located under Nursing Skills Manual on Blackboard. If an 85 or above is not obtained, remediation will be required. (See Grading Skills Check-Off section above)

### **COMPUTER USAGE**

As computer technology in the field of health occupations continues to become more popular, computers will be used in this course for several assignments. All students have access to computers and printers on the South Plains College campus. Students will be expected to utilize computers to access assignments and classroom resources. All registered students are supplied with a working email account from South Plains College.

**ALL STUDENTS ARE EXPECTED TO KNOW THEIR SPC STUDENT USERNAME AND PASSWORD.**

### **COMPUTER LAB USAGE**

The computer lab may be used by students during scheduled open hours or as assigned by an instructor. Lack of computer lab paper is not an excuse for not having homework assignments, skills lab sheets, or any other required documents. Students should come prepared for class.

### **EXAMS**

Exams will be given via ATI or Blackboard on the computer. Exams may cover information given during lecture, handouts, and assigned reading of the texts. At the completion of the course a *comprehensive* final examination will be given. Exams will be in the form of multiple choice, matching, select all that apply, ordering, case study, hot spot, drag and drop, bowtie, highlight and all NGN question types.

See Lecture/Exam Schedule

- Presentation of material includes class lectures, textbooks, ATI resources, discussion, handouts, videos, and power point. Exams may be on paper with pencil or via computer by ATI. Students are expected to arrive on time to exams and complete the exams within the time . Due to the ever changing COVID conditions it is possible that you may take exams on ATI and have it proctored by Exam Monitor. **It is your responsibility to make sure that you have working computers with a web cam and a microphone and reliable internet.**
- Grades will be recorded on Blackboard for the student to view.
- Students will have the opportunity to review each exam taken as scheduled by the instructor.

Exam review will focus on major content areas missed and not individual test questions. After viewing the exam, if the student has further questions, the student will need to email the instructor for an appointment to review the exam for further explanation. The student must discuss this with the instructor within 48 hours of viewing their grade. Once the 48 hours has passed without the student questioning the grade or question, **the assigned grade is final and may not be challenged at the end of the course. Grades will not be emailed or given out by phone.**

- Students who make below a 76 on a unit exam will need to complete an Exam Wrapper and schedule a time to meet with the course instructor. The student must meet with the instructor prior to the next exam. The instructor will send one email notification, but it is the student's responsibility to set up the appointment and show up for the appointment prepared with the exam wrapper completed. If the student fails to make an appointment or show up for their scheduled appointment, the instructor will notate that and place it in the student file.
- Medical Terminology: Abbreviations & Definitions will be included in the unit exams.
- Abbreviations & Definition Exam (100 questions) **fill-in-the-blanks with correct spelling.** (This is located on Blackboard). This exam counts toward 10% of the student's total grade.
- Assignments/ Quizzes may be given as a "Ticket to Class" or to enhance your learning of the course material and will count toward 10% of total course grade.
- Final Exam also includes Abbreviations and Definitions.
- All BSCCL skills must be completed with a grade of 85 or better.
- Students must earn a "76" or better in this class and meet all criteria as discussed above for progression.

**ADDITIONAL INFORMATION:**

**For Test Security, no hats, caps, backpacks or purses are permitted in the classroom during exams. No drinks or food may be brought into the classroom/ computer lab during an exam.**

- Competencies are defined as effective demonstration of basic nursing skills, knowledge, and judgment as taught and demonstrated in the nursing lab and classroom.
- The student's performance of the competencies will demonstrate and describe the desired outcome of learning at the conclusion of the nursing skills course.
- Excessive talking in class will not be allowed; the student may be asked to leave, with an absence given for the day.
- The Nursing Laboratory is provided to enhance the learning experience. It is the student's responsibility to keep the lab clean and tidy at all times. If it is necessary to utilize the lab after hours, arrangements must be made with the faculty.
- Classroom rules also apply to the laboratory classes.
- Radios will not be allowed in the classroom at any time.
- Recording (Voice or Video) is not allowed unless the student receives written permission by the instructor.

**GRADING POLICY**

**Students must earn an overall grade of 76 or better in this course section to pass.** The grade for this course will be determined upon completion of the following components:

Unit Exams	30%
Abbreviation/Definition Exam/Quizzes/ATI	10%
BSCCL	20%

Final Exam	40%
	100%

Course grades are based on the following scale:

A = 90-100%

B = 80-89.99%

C = 76-79.99%

D = 70-75.99%

F = 69.9% and below

Grades will not be rounded up or down i.e., 79.4 = 79

The final letter grade will be posted to Blackboard and Campus Connect.

## COMMUNICATION POLICY

Electronic communication between instructor and students in this course will utilize the South Plains College “My SPC” and email systems. Students are encouraged to check SPC email on a daily basis. Students will also have access to assignments, web-links, handouts, and other vital material which will be delivered via Blackboard. Any student having difficulty accessing Blackboard or their email should immediately contact their instructor for direction. The instructor will work with any student to ensure the student has access to a computer on campus and can obtain the needed class content that is located on the course website.

### Email Policy:

- Students are expected to read and, if needed, respond in a timely manner to college e-mails. It is suggested that students check college e-mail daily to avoid missing time-sensitive or important college messages. Students may forward college e-mails to alternate e-mail addresses; however, SPC will not be held responsible for e-mails forwarded to alternate addresses.
- A student’s failure to receive or read official communications sent to the student’s assigned e-mail address in a timely manner does not absolve the student from knowing and complying with the content of the official communication.
- The official college e-mail address assigned to students can be revoked if it is determined the student is utilizing it inappropriately. College e-mail must not be used to send offensive or disruptive messages nor to display messages that violate state or federal law
- Instructors make every attempt to respond to student emails *during regular college business hours* when faculty are on campus. Instructors *are not* required to answer emails after hours or on weekends.
- Students who use email inappropriately to faculty, students, staff or others will adhere to the following disciplinary action:
  1. First occurrence - will be counseled by the instructor and a disciplinary warning will be written.
  2. Second occurrence - will be counseled by the lead faculty member, and disciplinary action will be taken. (Initiation of Student Learning Contract.)
  3. Third occurrence - disciplinary action resulting in dismissal from the nursing program.

**Texting Faculty:** Students should *not* text faculty via the faculty cell phone. Written communication should be by email or the student may call the office phone. The faculty cell phone is for contact during the clinical hours ONLY and should not be used outside the clinical experience.

Mrs. Koelder will answer all emails in a timely manner. If a student emails the instructor prior to 4:00 pm Monday- Friday, the student can expect to receive a response via email the same day. If email is sent after 4:00 pm, the student can expect to receive a response the next business day. Emails will not be checked or answered on the weekend. Any email sent after 4:00 pm on Friday will be answered the following Monday.

## **STUDENT CONDUCT**

- Rules and regulations relating to the students at South Plains College are made with the view of protecting the best interests of the individual, the general welfare of the entire student body and the educational objectives of the college. As in any segment of society, a college community must be guided by standards that are stringent enough to prevent disorder, yet moderate enough to provide an atmosphere conducive to intellectual and personal development.
- A high standard of conduct is expected of all students. When a student enrolls at South Plains College, it is assumed that the student accepts the obligations of performance and behavior imposed by the college relevant to its lawful missions, processes, and functions. Obedience to the law, respect for properly constituted authority, personal honor, integrity, and common sense guide the actions of each member of the college community both in and out of the classroom.
- Students are subject to federal, state, and local laws, as well as South Plains College rules and regulations. A student is not entitled to greater immunities or privileges before the law than those enjoyed by other citizens. Students are subject to such reasonable disciplinary action as the administration of the college may consider appropriate, including suspension and expulsion in appropriate cases for breach of federal, state, or local laws, or college rules and regulations. This principle extends to conduct off-campus which is likely to have adverse effects on the college or on the educational process which identifies the offender as an unfit associate for fellow students.
- Any student who fails to perform according to expected standards may be asked to withdraw.
- Rules and regulations regarding student conduct appear in the current Student Guide.

## **SPECIAL REQUIREMENTS (\*Read Carefully)**

- Students must present the signature page acknowledging that the student has read and understands the content of this syllabus.

## **COURSE DISCLAIMER**

**To Be Successful in this course: *Because this information is VITAL to becoming a safe and effective vocational nurse, the student MUST commit to learning this information as thoroughly as possible. The BEST way to do this is through diligent DAILY study and weekly review!***

**STUDENT SUCCESS: Repetition and study are the ONLY WAYS for students to retain the volume of information contained in this course! You MUST study outside of the classroom if you want to succeed.**

Textbook: This textbook is designed for independent learning and contains many activities to help you learn! The Key terms and definitions are the best places to start. Students should make flash cards of these key terms and carry around with them for quick study and review. At the end of each chapter there are review questions with which you can test yourself.

## **RECOMMENDATIONS ON HOW TO STUDY:**

- COMMIT to your career choice—which means committing to this class. Decide you WANT to learn this information and you will.

- Study at least an hour every day! Do not wait until the night before or the morning of an exam and expect to learn all of the information presented! Daily study helps you understand and place information in long-term memory.
- Read the chapters prior to class—don't let the lecture be the first time you become acquainted with the information. If you do this, it is like hearing a foreign language and you are already behind.
- Plan weekly reviews of old material. Set aside some time (maybe on a Saturday) and quickly go through your old notes from previous units—remember there will be a comprehensive final. Remember, you have to know the body parts and how they work as long as you are a nurse!
- Take NOTES in class!
- The first time you have less than a desirable grade, make an appointment with me to discuss what you are doing! Don't wait until it's almost the final—it's too late then!

Stacey Koelder, LVN  
 Vocational Nursing Instructor  
 SPC Vocational Nursing Program – Plainview Center

## **COURSE EXIT GOALS:**

**For the student to exit this course, the student must do the all of the following:**

- 1. Showed competency in skills by passing the skills check offs along with the BSCCL check off with an 85 or higher.**
- 2. Have no more than 2 absences**
- 3. Must pass the course with a 76 average**

**If ALL course exit goals are not met, student will be given an “F” for the course grade and will be withdrawn from the vocational nursing program.**

## **COURSE SCHEDULE POSTED ON BLACKBOARD**

---

---

### **ACCOMMODATIONS**

---

---

#### **4.1.1.1. Diversity Statement**

In this class, the teacher will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

#### **Intellectual Exchange Statement**

In South Plains College courses, the instructor will establish and support an environment that values and nurtures individual and group difference and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world

and about ourselves. By promoting intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

#### **4.1.1.2. Disabilities Statement**

Students with disabilities, including but not limited to physical, psychiatric, or learning disabilities, who wish to request accommodations in this class should notify the Disability Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Disability Services Office. For more information, call or visit the Disability Services Office at Levelland (Student Health & Wellness Office) 806-716-2577, Lubbock Centers (located at the Lubbock Downtown Center) 806-716-4675, or Plainview Center (Main Office) 806-716-4302.

#### **4.1.1.3 Non-Discrimination Statement**

South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College, 1401 College Avenue, Box 5, Levelland, TX 79336. Phone number 806-716-2360.

#### **4.1.1.4 Title IX Pregnancy Accommodations Statement**

If you are pregnant, or have given birth within six months, under Title IX you have a right to reasonable accommodations to help continue your education. To activate accommodations you must submit a [Title IX pregnancy accommodations request](#), along with specific medical documentation, to the Health and Wellness Center. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact the Health and Wellness Center at 806-716-2529 or email [dburleson@southplainscollege.edu](mailto:dburleson@southplainscollege.edu) for assistance.

#### **CARE (Campus Assessment, Response, and Evaluation) Team**

South Plains College is committed to ensuring the safety, health, and well-being of its students and community. To support its campus community SPC has a CARE Team. This is a dedicated group of campus professionals responsible for assessing and responding to students who could benefit from academic, emotional, or psychological support, as well as those presenting risk to the health or safety of the community. If you see someone experiencing challenges, appearing distressed, posing a threat to their safety or someone else's safety, or causing a significant disruption to the SPC community, please submit a [CARE Team referral](#). You may also submit a referral for yourself if you would like additional support. NOTE: In cases where a person's behavior poses an imminent threat to you or another, contact 911.

#### **4.1.1.5 OPTIONAL STATEMENT - Campus Concealed Carry Statement**

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations and Frequently Asked Questions, please refer to the Campus Carry page at: <http://www.southplainscollege.edu/campuscarry.php>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

## **CAMPUS CARRY**

### **4.1.1.5 OPTIONAL STATEMENT - Campus Concealed Carry Statement**

Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations and Frequently Asked Questions, please refer to the Campus Carry page at: <http://www.southplainscollege.edu/campuscarry.php>

Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1

## **FOUNDATION SKILLS**

### **BASIC SKILLS—Reads, Writes, Performs Arithmetic and Mathematical Operations, Listens and Speaks**

F-1 Reading—locates, understands, and interprets written information in prose and in documents such as manuals, graphs, and schedules.

F-2 Writing—communicates thoughts, ideas, information and messages in writing and creates documents such as letters, directions, manuals, reports, graphs, and flow charts.

F-3 Arithmetic—performs basic computations; uses basic numerical concepts such as whole numbers, etc.

F-4 Mathematics—approaches practical problems by choosing appropriately from a variety of mathematical techniques.

F-5 Listening—receives, attends to, interprets, and responds to verbal messages and other cues.

F-6 Speaking—organizes ideas and communicates orally.

### **THINKING SKILLS—Thinks Creatively, Makes Decisions, Solves Problems, Visualizes and Knows How to Learn and Reason**

F-7 Creative Thinking—generates new ideas.

F-8 Decision-Making—specifies goals and constraints, generates alternatives, considers risks, evaluates and chooses best alternative.

F-9 Problem Solving—recognizes problems, devises and implements plan of action.

F-10 Seeing Things in the Mind's Eye—organizes and processes symbols, pictures, graphs, objects, and other information.

F-11 Knowing How to Learn—uses efficient learning techniques to acquire and apply new knowledge and skills.

F-12 Reasoning—discovers a rule or principle underlying the relationship between two or more objects and applies it when solving a problem.

## **PERSONAL QUALITIES–Displays Responsibility, Self-Esteem, Sociability, Self-Management, Integrity and Honesty**

F-13 Responsibility–exerts a high level of effort and perseveres towards goal attainment.

F-14 Self-Esteem–believes in own self-worth and maintains a positive view of self.

F-15 Sociability–demonstrates understanding, friendliness, adaptability, empathy and politeness in group settings.

F-16 Self-Management–assesses self accurately, sets personal goals, monitors progress and exhibits self-control.

F-17 Integrity/Honesty–chooses ethical courses of action.

---

## **SCANS COMPETENCIES**

C-1 **TIME** - Selects goal - relevant activities, ranks them, allocates time, prepares and follows schedules.

C-2 **MONEY** - Uses or prepares budgets, makes forecasts, keeps records and makes adjustments to meet objectives.

C-3 **MATERIALS AND FACILITIES** - Acquires, stores, allocates, and uses materials or space efficiently.

C-4 **HUMAN RESOURCES** - Assesses skills and distributes work accordingly, evaluates performances and provides feedback.

### **INFORMATION - Acquires and Uses Information**

C-5 Acquires and evaluates information.

C-6 Organizes and maintains information.

C-7 Interprets and communicates information.

C-8 Uses computers to process information.

### **INTERPERSONAL–Works With Others**

C-9 Participates as a member of a team and contributes to group effort.

C-10 Teaches others new skills.

C-11 Serves Clients/Customers–works to satisfy customer’s expectations.

C-12 Exercises Leadership–communicates ideas to justify position, persuades and convinces others, responsibly challenges existing procedures and policies.

C-13 Negotiates-works toward agreements involving exchanges of resources; resolves divergent interests.

C-14 Works With Diversity–works well with men and women from diverse backgrounds.

### **SYSTEMS–Understands Complex Interrelationships**

C-15 Understands Systems–knows how social, organizational, and technological systems work and operates effectively with them.

C-16 Monitors and Corrects Performance–distinguishes trends, predicts impacts on system operations, diagnoses systems performance and corrects malfunctions.

C-17 Improves or Designs Systems–suggests modifications to existing systems and develops new or alternative systems to improve performance.

### **TECHNOLOGY–Works with a Variety of Technologies**

C-18 Selects Technology–chooses procedures, tools, or equipment, including computers and related technologies.

C-19 Applies Technology to Task–understands overall intent and proper procedures for setup and operation of equipment.

C-20 Maintains and Troubleshoots Equipment–prevents, identifies, or solves problems with equipment, including computers and other technologies.

## NURSING BASICS

### UNIT 3

#### **The Nursing Process and Decision Making**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with the nursing process and decision making.
2. Discuss ways in which critical thinking is used in nursing.
3. List the steps of the nursing process.
4. Contrast subjective and objective data.
5. Explain how to conduct a nursing interview.
6. List techniques used to gather data during a physical assessment.
7. Explain how NANDA-1 nursing diagnoses are listed.
8. Compare one-part, two-part, and three-part nursing diagnoses.
9. Differentiate between long-term and short-term goals.
10. Explain how to write correct outcomes statements.
11. Compare types of nursing interventions.
12. Explain the importance of individualized nursing interventions.
13. List initial intervention steps.
14. List types of nursing care plans.
15. Explain the process for writing a student care plan.
16. Discuss the use of concept maps to plan care.

#### **Documentation**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with documentation.
2. Explain four purposes of written documentation.
3. Discuss confidentiality of patient records.
4. Summarize 12 guidelines for documentation.
5. Compare source-oriented and problem-oriented documentation systems.
6. List the common sections of a source-oriented documentation system.
7. Compare PIE charting and SOAPIER charting formats.
8. Contrast charting by exception and focus charting.
9. Explain how narrative charting is different from all other formats.
10. List the advantages and disadvantages of computerized charting.

#### **Loss, Grief, and Dying**

Following completion of this chapter, the student should be able to:

1. Define key terms related to loss, death, and grief.
2. Explain the differences between curative care, palliative care, and hospice care.
3. Describe the function of each of the following documents: durable power of attorney, living will, do-not-resuscitate order.
4. Explain the traditional five stages of grief.
5. List at least five symptoms indicating end-stage disease.
6. Describe at least four beneficial effects of dehydration at the end of life.
7. Identify comments the patient might make indicating that he/she desires to discuss a terminal condition.

## **Safety**

Following completion of this chapter, the student should be able to:

1. Describe six factors that contribute to an unsafe patient environment.
2. Identify requirements for use of restraints and release of restraints.
3. Explain the acronyms RACE and PASS.
4. Determine actions to take when a patient is unresponsive.
5. Explain how lack of rest and substance use or abuse can contribute to unsafe patient care.
6. Describe ways to protect yourself from radiation hazards.
7. Discuss safe handling of chemicals and gases.
8. Explain ways to protect yourself from biological hazards.

## **Medical Asepsis and Infection Control**

Following completion of this chapter, the student should be able to:

1. Define key terms related to medical asepsis and infection control.
2. Illustrate the chain of infection.
3. Explain factors that decrease the body's defenses.
4. Differentiate between the use of standard precautions and transmission-based precautions.
5. Compare medical and surgical asepsis.
6. Detail the use of standard precautions.
7. Compare the purposes and types of transmission-based precautions.
8. Explain ways to meet the emotional needs of patients who are isolated due to communicable disease.

## **Personal Care**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with personal care.
2. Categorize personal care tasks performed at particular times during the day.
3. Describe the benefits of bathing patients, both for the patient and for the nurse.
4. Explain factors to consider when planning patient care and bathing.
5. List three categories of personal care.
6. Identify types of baths and their purposes.
7. Contrast back massage with applying lotion to the back.
8. Discuss key aspects of providing oral care to unconscious and conscious patients.
9. Describe assessments to make during oral care, hair care, and nail care.
10. Identify ways to minimize noise, odors, and clutter in the patient's environment.
11. Differentiate between open, closed, and surgical beds.
12. Describe nursing responsibilities when making occupied and unoccupied beds.

## **Moving and Positioning Patients**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with moving and positioning patients.
2. Describe the effects of immobility on seven body systems.
3. List nursing measures to prevent complications of immobility for these body systems.
4. Discuss the importance of positioning patients correctly and performing frequent position changes.
5. Describe devices available to increase safety and ease of transferring patients.
6. List guidelines for performing a manual patient transfer.

7. Summarize the importance of assisting a patient to dangle prior to transfer or ambulation.

### **Vital Signs**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with assessment of the six vital signs.
2. Describe the six vital signs, their significance, and their normal ranges.
3. Identify times when vital signs should be assessed.
4. Summarize the guidelines for vital sign assessment.
5. Outline the four circulatory qualities and how they determine blood pressure.
6. Relate at least six factors that affect blood pressure, temperature, pulse, and respiration.
7. Contrast the effects of hypertension and hypotension on the body.
8. Describe how and where to assess peripheral pulses.
9. Distinguish how the body regulates each vital sign.
10. Describe how to assess pain.

### **Applying Heat and Cold**

Following completion of this chapter, the student should be able to:

1. Define key terms related to applying heat and cold.
2. Contrast the physiological effects of local heat and cold applications.
3. Identify at least four uses for heat therapy.
4. Explain how application of heat can support healing.
5. Detail the nursing assessments to make prior to, during, and after application of heat therapy.
6. Describe three uses for cold therapy.
7. Compare the methods of heat and cold application.
8. Summarize the nursing assessments pertinent to cold applications.
9. Teach a patient how to make a simple cold pack using only a washcloth and a zip-type plastic bag.

### **Physical Assessment**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with physical assessment.
2. Describe three purposes of physical assessment.
3. Differentiate between a comprehensive health assessment, a focused assessment, and an initial head-to-toe shift assessment.
4. Summarize the six techniques used for physical assessment.
5. Distinguish the different components to be examined during an initial head-to-toe shift assessment.
6. Relate each component of assessment to its associated body system(s).
7. Explain the significance of abnormal assessment findings.
8. Describe adaptations in assessment techniques that are necessary due to the age of the patient.
9. Perform an initial head-to-toe shift assessment.
10. Document the results of any initial head-to-toe assessment.

### **Surgical Asepsis**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with surgical asepsis.
2. Differentiate between medical asepsis and surgical asepsis.

### **Diagnostic Tests**

Following completion of this chapter, the student should be able to:

1. Correctly use key terms associated with diagnostic tests.
2. Explain the nurse's role and responsibilities in relation to diagnostic tests.
3. Explain all the components of a complete blood cell count, including a white count differential.
4. Relate the normal adult ranges of complete blood cell count components.
5. Identify the normal findings of a urinalysis.
6. Name at least two tests that evaluate renal function.
7. Name three diagnostic tests that would be useful in evaluating liver function.
8. Differentiate between esophagogastroduodenoscopy, barium enema, and colonoscopy, and between magnetic resonance imaging and computed tomography, including purposes and preparations for each.
9. Explain the purpose of a lumbar puncture and how to position a patient for the procedure.
10. Prioritize the post procedure nursing actions to be performed after a femoral arteriogram.
11. Relate the purposes of a glucose tolerance test, intravenous pyelogram, and bone marrow aspiration.

### **Musculoskeletal Care**

Following completion of this chapter, the student should be able to:

1. Describe common musculoskeletal conditions that result in limited mobility.
2. Differentiate between indications for use of x-rays, CT scans, and MRIs to diagnose musculoskeletal conditions.
3. List six types of immobilizing devices used for musculoskeletal disorders.
4. Describe nursing care of patients with musculoskeletal conditions, including casts, traction, joint replacement, and amputation.
5. Discuss guidelines for patients using assistive devices for ambulation.
6. Describe the steps necessary to develop a plan of care for a patient with impaired mobility related to a musculoskeletal condition.

### **Respiratory Care**

Following completion of this chapter, the student should be able to:

1. Define key terms associated with respiratory care.
2. Explain the mechanics of inhalation and exhalation.
3. Explain the changes in physiological regulation of respiration in patients with chronic lung disease.
4. Explain nursing interventions to use for patients with impaired oxygenation.
5. Discuss safety measures to enforce when the patient is receiving supplemental oxygen.
6. Identify types of oxygen sources and delivery devices used for supplemental oxygen.
7. List tips for conservation of energy for patients with chronic lung disease.

### **Bowel Elimination and Care**

Following completion of this chapter, the student should be able to:

1. Explain how different factors affect bowel elimination.
2. List independent nursing interventions to promote bowel elimination.
3. Accurately assess bowel elimination problems.
4. Contrast different types of enemas.
5. List signs and symptoms of vagal stimulation.
6. Prioritize nursing actions to perform when vagal stimulation is suspected.
7. Explain how to obtain stool specimens for culture and sensitivity and for ova and parasites, and how to test for occult blood.
8. Discuss ostomy care and patient teaching regarding care.

## **Urinary Elimination and Care**

Following completion of this chapter, the student should be able to:

1. Define key terms related to urinary elimination.
2. Describe normal and abnormal urine output.
3. Discuss characteristics of normal urine and the significance of abnormal characteristics.
4. Explain the causes and complications of urinary retention.
5. List the types of urinary incontinence.
6. Describe nursing interventions to help manage incontinence.
7. Discuss methods of assessing urine.
8. List the steps for collecting a 24-hour urine sample.
9. Identify purposes, types, and sizes of urinary catheters.
10. Discuss the care of patients with an indwelling urinary catheter.

## **Care of the Surgical Patient**

Following completion of this chapter, the student should be able to:

1. Define key terms related to care of the surgical patient.
2. Differentiate between types of surgery by purpose, degree of urgency, and degree of risk.
3. Identify factors that increase the risks of surgery and anesthesia.
4. Describe the process of informed consent.
5. Explain the purpose of various preoperative laboratory tests.
6. Specify the important components of preoperative patient teaching.
7. Explain the various purposes of preoperative medications.
8. Explain the purpose for and the various data included on a preoperative checklist.
9. Compare the various roles and responsibilities of operative personnel.
10. Explain nursing procedures that may take place in the operating room and their rationales.
11. Prioritize nursing care during immediate postoperative and post anesthesia care.
12. Describe the admission process of a postsurgical patient on the hospital unit.
13. Accurately describe the assessment of the postsurgical patient on the hospital unit.
14. Identify potential postsurgical complications, with emphasis on prevention and intervention.

REVISED 08/2023

## VNSG 1323 Basic Nursing Skills Syllabus Contract

Print Name: \_\_\_\_\_

*I have read and understand the SKILLS Syllabus and schedule. I have had the opportunity to ask questions. I also understand to exit this course I must meet All Objectives Listed in the course Syllabus as stated below:*

### **COURSE EXIT GOALS:**

**For the student to exit this course, the student must do ALL of the following:**

- 1. Remediate BSCCL if an 85 or less is made on any skill by assigned date. If BSCCL remediation is not complete by that date, a course grade of “F” will be given regardless of other grades.**
- 2. Have no more than 2 absences**
- 3. Must pass the course with a 76 average**

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

**Plagiarism Declaration  
Department of Nursing  
South Plains College**

By signing this plagiarism declaration, I acknowledge that I have received a copy of the honesty policy and been made aware that the penalty for plagiarism is dismissal from the program.

Offering the work of another as one's own, without proper acknowledgment, is plagiarism. Any student who fails to give credit for quotations or essentially identical expression of material taken from books, encyclopedias, magazines, websites such as: blogs, journals, or articles, other referenced works, from themes, reports, and/or other writings of a fellow student, is guilty of plagiarism. If there is any suspicion of work completed by Artificial Intelligence (A.I.), the student and their work may be questioned, and if proven that A.I. was used will be considered guilty of plagiarism.

Examples of student plagiarism:

- Copying material without quotes, in-text citations, and/or referencing
- Paraphrasing content without in-text citation and/or referencing
- Copying ideas, words, answers, exams, or shared work from others when individual work is required
- Using another's paper in whole or in part
- Allowing another student to use one's work
- Claiming someone else's work is one's own
- Resubmitting one's own coursework, when original work is required (self-plagiarism)
- Falsifying references or bibliographies
- Getting help from another person without faculty knowledge or approval
- Purchasing, borrowing, or selling content with the intent of meeting an academic requirement for oneself or others

### VOCATIONAL NURSING CONTRACT

**In compliance with the policies of South Plains College and the Vocational Nursing Program of the Plainview Center campus, the Vocational Nursing Student will:**

- 1. Be in attendance and be punctual for lecture and clinical experiences. I understand that I must withdraw from the program should I exceed allowable absences for any reasons.**
- 2. Satisfactorily pass nursing courses with a 76-grade average in all nursing subjects and meet all other graduation criteria as found in this handbook. I understand that if I do not earn a “C” in any course, I must repeat that course and cannot progress in the VNP. I understand that if I do not meet all graduation criteria, I will not graduate from the VNP.**
- 3. Demonstrate satisfactory nursing skills in both lab and clinical experience as evaluated by instructors. I understand that should I fail in the lab experiences, I must withdraw from the program.**
- 4. Complete assignments by the designated deadlines. I understand that penalties occur for any incomplete assignment.**
- 5. Comply with the dress code. I understand that to violate the dress code is unprofessional conduct and that continued violations are grounds for dismissal.**
- 6. Adhere to the confidentiality statement. I understand that to violate confidentiality/HIPAA is grounds for immediate dismissal.**
- 7. Satisfactorily meet all clinical objectives. I understand that if I do not meet clinical objectives, I will fail the VNP.**
- 8. Understand and will comply with all policies regarding professional conduct and understand the disciplinary actions that may be taken should I fail to follow these policies.**
- 9. Understand that should I have a criminal incident, I must report the incident to the VNP and withdraw from the program until I am cleared by the BON.**
- 10. The use of electronic devices (cellphone/PC apps) are to be used for training purposes and may be used in classroom and clinical settings only with instructor approval.**

*I have read and understand the statements regarding State Board Regulations for Licensure as outlined in the Student Handbook, including the statements with regards to a criminal background. I understand that graduating from this program does not guarantee me a license to practice nursing and that I must meet all Board requirements to be licensed.*

*I have read and understand fully my individual responsibility to comply with the rules and regulations as outlined in the Student Handbook. I accept responsibility for my learning. I understand that patient safety is the primary focus of my nursing care.*

Date: \_\_\_\_\_

### **STUDENT PROFESSIONAL CONDUCT CONTRACT**

Part of the nursing education program that we have adopted at the Vocational Nursing Program, SPC Plainview Campus includes a significant emphasis on the issue of professionalism. While this topic has been briefly discussed in orientation, it will be discussed frequently throughout the year and is also discussed in the Student Vocational Nurse Handbook. Additionally, an even greater and more specific focus will be placed on the area of respect. A list of unacceptable behaviors are listed below but are not limited to only these:

1. Students sighing loudly or rolling of the eyes
2. Students talking and interrupting while a faculty member or guest speaker is talking/lecturing.
3. Students arguing or yelling, stomping of the feet

Consequently, this contract has been designed to inform the student that these behaviors will be specifically targeted and will not be acceptable. Students who engage in these behaviors will be classified as exhibiting “unprofessional conduct” with the following disciplinary action(s) to ensue:

1. Immediate removal from the classroom or clinical setting, accruing an absence for that class or clinical day, a verbal conference will occur and documentation will be done with both the student and instructor will sign the documentation
2. Written conference between the lead instructor and/or program director and the student with a learning contract and/or probation initiated
3. Dismissal from the program.

Continued behaviors as outlined above will be reviewed by the VESC and appropriate disciplinary action will be determined by the committee which could include dismissal from the VNP.

It is our desire to teach professionalism through acceptable professional behavior so that you, as the student, may be a successful nurse throughout the year.

I have received a copy of the Vocational Nursing Program, SPC Plainview, Student Professional Conduct Contract and understand the consequences that will follow if I display the behaviors addressed in this contract.
