Blackboard is the computer software used to deliver this course. You must have reliable access to the Internet, Microsoft Word, PowerPoint, Excel, Adobe, etc. It is the student's responsibility to verify that assignments and assessments are accessible. You will have deadlines set for you throughout the semester. If you wait until a few hours before assignments are due and have technical difficulties, they may not be corrected in time to get credit for the assignment. Have a backup plan in place should you encounter computer problems. There are open computer labs available to all enrolled SPC students on all campuses. It is also the student's responsibility to have the required computer skills to complete this course. You must be able to download and attach files, watch videos, etc. Should you encounter technical difficulties contact the SPC technical support at (806) 716-2180 or email blackboard@southplainscollege.edu. Be sure to include course and section number information when contacting technical support. If you are not a self-motivated student, online classes are most likely not for you!

Unit Instructions! Instructions for this course will come from the course Unit Instructions (***tab on your blackboard page***), there are many ways to get to the information you will need, but this is probably the easiest way to navigate the course. There will be 3 Units listed under this tool. These unit instructions will contain everything you need to do for each unit and chapter, including due dates. Pay very close attention to these Unit Instructions!

Course Evaluation:

- 1) There will be **Three Exams**, each worth 70 points (210 points total). Each exam will consist of multiple-choice, true/false, and essay questions.
- 2) **Chapter Quizzes** will be given over every chapter for a total of 16 quizzes. Each quiz is worth 10 points (160 points total), and they will be posted on the blackboard. Each quiz will consist of multiple-choice or true-false questions. Please use your notes and textbook to complete the quizzes. These quizzes will help prepare you for the exams.
- 3) **Two Homework Assignments** will be completed over the semester. Each homework will be worth 35 points (70 points in total).
- 4) **Discussion Boards** will be completed and counted over the semester, each worth 5-15 points (60 points total). Do not ignore these assignments. The primary goal for the discussion portion of the course is to "talk" about learning. Please be respectful of others when posting on the DB, and keep your content appropriate and about the subject matter. *(Students who do not comply with this last statement will be dropped from the course.)*

Unit Instructions and Due Dates

There will be three units listed under this tool. These unit instructions will contain everything you need to complete for each unit and chapter, including due dates.

** I expect you to read the chapters assigned. This exposes you to the material and makes it easier for you to understand the PowerPoint slides and take good notes. Plan, and do not wait until the last minute to submit your assignments. Excuses for late work, such as "The network was down" or "I could not figure out how to post or send the assignment," are not acceptable.

*** All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in "academic English," a form of English typically used in academic, professional, and business contexts. While slang and informal kinds of self-

expression are appropriate in some settings, they are out of place in academic writing.

Administrative Drop Policy: Due to Financial Aid and South Plains College requirements for participation/attendance, a student who fails to turn in 6 assignments during the semester may be dropped from the course with a grade of "X" or "F" (at my discretion). If missed assignments occur after the final drop date, the grade will be an "F." **NOTE: You may be dropped from this course without notice if you miss the due dates for any combination of any assignments and discussions totaling six or more.**

Academic Integrity: Students are expected to maintain complete honesty and integrity in their experiences in the course. Please read and understand the SPC policy regarding academic integrity and honesty found on page 23 of the SPC General Catalog. If a student violates this policy (e.g., is caught cheating or plagiarizing), *they will receive an F and administrative withdrawal.*
