Course Description

This course is designed to enhance personal health and wellness. Physical and personal health assessments, online lectures, PowerPoint presentations, along with the textbook chapters, will provide students with the necessary tools to take responsibility and make drastic improvements to their long term personal health.

Student Expectations:

Faculty and students actively contribute to one another's learning through critical dialogue, integrative learning, and collaborative learning. To take full advantage of the experiences and resources South Plains College offers, students are expected to manage and direct their academic progress with support and guidance from faculty. To acquire knowledge and build skills, students are expected to:

- Read and become familiar with the course syllabus and unit instructions.
- Keep up with assignments and readings.
- Ask for clarifications about material or course expectations.
- Analyze assigned readings and offer thoughtful interpretations.
- Be respectful of diverse perspectives and refrain from making inappropriate comments in discussion boards and personal interactions.

Course Evaluation:

- 1) There will be **Two Exams**, each worth 100 points (200 points total; 40% of your overall grade). Each exam will consist of 50-100 questions (multiple-choice, essay, matching, etc.).
- 2) **Chapter Quizzes** will be given over every chapter for a total of 15 quizzes. Each quiz is worth 10 points (150 points total; 30% of your overall grade), and there will be a quiz due each week beginning with the first week of school. Each quiz will consist of multiple-choice, true-false, essay, matching, etc., type questions. These quizzes will help prepare you for the exams.
- 3) **Two Homework Assignments** will be completed for the semester. Each homework will be worth 40 points (80 points total; 16% of your overall grade). These assignments will be posted throughout the **Unit Instructions** and can also be found under the **HOMEWORK ASSIGNMENTS** Link.

- 4) **Classroom Discussion Topics/ Attendance** will be completed in class and turned in, each worth up to 5-15 points (70 points total; 14% of your overall grade). The primary goal for the course's discussion portion assignments is to think about what you are learning critically. Discussion journals will also be used to keep up with attendance. If you miss six days, you will be dropped from the course. There are no makeups allowed for this portion of your grade. If you are not here when we complete these in class, you will receive a zero as your grade. The primary goal for the discussion portion of the course is to "talk" about what you are learning, so it is acceptable to be somewhat informal and conversational; however, check your grammar and spelling and not use text message lingo. Your grades on these assignments will not be based on whether or not you give correct answers but will be based on your content.

** I expect you to read the chapters assigned. This exposes you to the material and makes it easier for you to understand the PowerPoint slides and take good notes. Plan, and do not wait until the last minute to submit your assignments.

*** All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in "academic English," a form of English that is typically used in academic, professional, and business contexts. While slang and informal kinds of self-expression are appropriate in some settings, they are out of place in academic writing.
